

“OneTech OneEarth is our environmental program, dedicated to reducing our environmental footprint and preserving natural resources. Through this program, OneTech is committed to advancing decarbonization, responsible water stewardship, renewable energy deployment, and circular resource management, contributing to a better & more sustainable industry.”

Low Carbon Commitment

Reduction of greenhouse gas emissions (Scopes 1, 2 & 3)

Renewable Energy Commitment

Transition to clean and sustainable energy

Water Stewardship Commitment

Efficient, circular, and responsible water management
